What is the Landelijke Belastingaangifte­dag?

The Landelijke Belastingaangifte­dag is a day on which you can get free help with completing your tax return. Many people find completing their tax return difficult or stressful. Perhaps you don't know where to start, you're not sure if you're doing it right, or you'd like someone to look over your shoulder. On Saturday 14 March, you can visit various locations in the region for free help with completing your income tax return.

There is one financial condition: the income and assets per household may not exceed the average income of **€48,500**.

What can you expect when you visit?

When you arrive at a location, you will be welcomed by an employee or volunteer. They will explain the process to you and help you complete your tax return. Some locations operate on a walk-in basis. Others work by appointment. The location overview in this brochure indicates how this is arranged for each location.

What should you bring with you?
